COLE CHARLES PETER LENTING

Cape Town, SA | colelenting7@gmail.com | 081 348 9356

Dedicated and passionate ICT professional with a Diploma in Multimedia (2024) and currently pursuing an Advanced Diploma in ICT, specializing in Multimedia. Skilled in front-end development and UI/UX design, with a strong foundation in creativity, problem-solving, and decision-making. Committed to leveraging technology to create impactful solutions, while actively enhancing expertise in Adobe software and expanding into backend development, software engineering, and emerging technologies to deliver innovative, user-focused digital experiences.

EXPERIENCE

2025
April - Present

DIGITAL ASSOCIATE | DATA ENGINEER ASSOCIATE   CAPACITI

As a Digital/Data Engineer Associate at CAPACITI, I'm building expertise in AI, data engineering, and professional development. My focus is on developing both technical and workplace skills to prepare for real-world industry challenges and career growth.

2024
July - September

WORK INTEGRATED LEARNING (WIL)   BIIC | PILLAR 5 GROUP

Part of the CPUT program combining academic studies with hands-on industry experience. This Co-operative Education partnership equips graduates to be academically strong, socially aware, technologically skilled, and responsive to societal needs.

2024
February - July

WEBSITE DEVELOPER   KAMIKAZE INNOVATIONS

Designed and built a fully customized website over six months, covering logo refinement, color palettes, wireframes, mockups, and coding a responsive site from scratch. Delivered full documentation, including logbooks, reports, and a style guide, while balancing design aesthetics with functionality.
